## State Student Aid Status Report

Coordinating Board for Higher Education  
June 15, 2022

### BACKGROUND

Student financial aid is a substantive policy tool for the Coordinating Board and the state of Missouri in the promotion of student access and success in postsecondary education. As such, greater awareness of and appreciation for the range and scope of the programs administered by the Missouri Department of Higher Education & Workforce Development is crucial. The purpose of this agenda item is to provide the Coordinating Board with background and baseline information about the student financial assistance programs administered by DHEWD.

Dating back to the 1970s, Missouri has a long tradition of providing financial assistance to encourage its citizens to seek postsecondary education. While other agencies are responsible for the administration of special purpose programs, DHEWD is the focal point for most student financial aid issues.

### CURRENT STATUS

By the conclusion of the current academic year, DHEWD will have distributed approximately \$139.5 million in student financial aid to an estimated 59,562 students. The attachments to this item provide detailed information for each of the programs administered by the department, including the number of students served and dollars awarded, by educational institution and sector. Amounts reported in the attachments are incomplete because the fiscal year has not ended and institutions have not completed the process of requesting payments for all students, particularly for the A+ Scholarship. A brief description of the programs along with some background information for the four major programs is provided below:

#### **Major Programs**

**A+ Scholarship** provides tuition reimbursement for eligible graduates of designated high schools to attend public community colleges, area career colleges, or private career technical schools that meet the criteria outlined in statute. Eligible graduates must meet high school criteria relating to grade point average, attendance, mentoring/tutoring, and citizenship.

In the current fiscal year, the program is projected to distribute about \$49.2 million to approximately 13,500 students. As background information, 54 percent of the recipients in FY 2021 were female. Three year graduation rates for recipients range between 42 and 45 percent for the three most recent cohorts of students, which is roughly double the rate for non-A+ students.

The charts below provide additional demographic information about A+ recipients for FY 2021. The chart titled A+ Recipients by EFC, reports the Expected Family Contribution (EFC) for the largest segment of recipients (22 percent) is \$30,000 and above. It is important to note that the EFC is not a direct measure of income but does include adjustments for other items including the number of family members currently in postsecondary education, some types of nontaxed income, and certain family assets. Additionally, the fact that A+ is a last dollar program, meaning the award is calculated after federal non-loan aid is applied to the student's tuition and fee bill, results in many low income students receiving a zero award amount because federal aid is sufficient to cover that portion of the students cost of attendance. With regard to race and ethnicity, 79 percent of the recipients reported as white, with the unknown/unreported category (13 percent) being the second largest group. It is likely the last dollar approach also impacts this demographic measure.

A+ Recipients, by EFC - FY 2021

A+ Recipients, by Race/Ethnicity - FY 2021

**Access Missouri Financial Assistance Program** is a need-based program designed to be simple to understand, provide predictable, portable awards, and increase access to the student's school of choice. Financial eligibility is determined using the Expected Family Contribution as calculated through the Free Application for Federal Student Aid.

For FY 2022, the program is projected to distribute approximately \$66.8 million to about 37,000 students. With regard to gender, 35 percent of the recipients in FY 2021 were male, 63 percent were female and 2 percent were unknown. Six year graduation rates for recipients range between 55 and 59 percent for the three most recent cohorts of students.

The charts below provide additional demographic information about Access Missouri recipients for FY 2021. The Recipients by EFC chart reports the largest proportion of recipients (46 percent) is in the \$0 to \$500 EFC grouping, the lowest income category. By combining this group with the students with a Pell eligible EFC

between \$501 and \$6,000 (34 percent), we can estimate that approximately 80 percent of recipients were Pell eligible, a common proxy for high financial need. With regard to race and ethnicity, 51 percent of the recipients reported as white, with the unknown/unreported category (32 percent) being the second largest group. The size of the unknown category is the result of missing information about students attending independent institutions that do not provide student level data to the department.

**Bright Flight**, the statutory title of which is the Missouri Higher Education Academic Scholarship Program, is a merit-based program that encourages top-ranked high school seniors to attend approved Missouri postsecondary schools. At present, students must achieve an ACT score of a 31 or above in order to be in the top three percent and receive an award under the program. Although the statute provides for reduced awards for the top fourth and fifth percentiles, this award level has not been funded.

For FY 2022, the program is projected to distribute approximately \$21 million to about 7,425 students. Gender information is incomplete since this program includes independent institutions, the majority of which do not provide the department with student level data. Of the data available, 40 percent of the recipients in FY 2021 were male, 35 percent were female, and 25 percent were unknown. Six year graduation rates for recipients range between 82 and 86 percent for the three most recent cohorts of students.

The charts below provide additional demographic information about Bright Flight recipients for FY 2021. The chart titled Bright Flight Recipients by EFC reports the Expected Family Contribution (EFC) for the largest proportion of recipients (34 percent) is \$30,000 and above. It is important to note that EFC data are incomplete for this program because FAFSA filing is not an eligibility requirement. With regard to race and ethnicity, 66 percent of the recipients reported as white, with the unknown/unreported category (27 percent) being the second largest group. The size of the unknown category is the result of missing information as referenced above.

**Fast Track Workforce Incentive Grant** addresses workforce needs by helping adults pursue a certificate, degree, or industry-recognized credential in an area designated as high need. Grant recipients must maintain Missouri residency and work in Missouri for three years after graduation to prevent the grant from becoming a loan that must be repaid with interest.

For FY 2022, the program is projected to distribute approximately \$1.6 million to about 410 students. With regard to gender, 79 percent of the recipients in FY 2021 were female, 20 percent were male and one percent were unknown. Because the program is still relatively new, we do not have sufficient data to calculate a graduation rate. The most popular workforce program areas have consistently been Allied Health (typically about 50 percent) followed by Business/Accounting, Information Technology, and Teacher Education.

The charts below provide additional demographic information about Fast Track recipients for FY 2021. The Recipients by EFC chart reports the largest segment of recipients (53 percent) had an EFC of zero. With regard to race and ethnicity, 38 percent of the recipients, the second largest group, reported as white, with the unknown/unreported category (57 percent) being the largest group.

Fast Track Recipients, by EFC - FY 2021

Fast Track Recipients, by Race/Ethnicity - FY 2021

### **Survivor and Other Benefit Programs**

**Advanced Placement Incentive Grant** is a nonrenewable grant designed to encourage high school students to take and score well on Advanced Placement tests in mathematics and science. Students must receive an Access Missouri or A+ award to be eligible for this grant. Students who are eligible for either the Access Missouri or A+ program but have a calculated award amount of zero as a result of other financial aid are also eligible for this grant. For FY 2022, it is estimated two students will receive payments totaling \$1,000.

**Dual Credit/Dual Enrollment Scholarship** is a new program implemented in spring 2022. This scholarship provides tuition and fee reimbursement for high school students enrolled in dual credit and/or dual enrollment coursework offered by approved colleges and universities. Students must attend an A+ high school to be eligible and awards are prioritized based on financial need as determined by the family's most recent adjusted gross income. For FY 2022, it is estimated approximately 1,178 students will receive awards totaling about \$500,000.

**Kids' Chance Scholarship** is available to children of workers who were seriously injured or died in a work-related accident covered and compensated by workers' compensation. DHEWD partners with Kids' Chance, Inc. of Missouri, an organization that offers a similar, private scholarship, to identify eligible students. For FY 2022, two students will receive awards totaling \$10,000.

**Minority and Underrepresented Environmental Literacy Scholarship** is designed to assist academically talented minority and underrepresented individuals pursuing a bachelor or master degree in an environmental course of study. For FY 2022, seven students will receive awards totaling \$29,133.

**Public Service Officer or Employee's Child Survivor Grant** provides tuition assistance to certain public employees and their families if the employee is killed or permanently and totally disabled in the line of duty. For FY 2022, it is estimated 14 students will receive awards totaling \$92,176.

**Wartime Veteran's Survivors Grant** provides up to 25 grants annually to children and spouses of Veterans whose deaths or injuries were a result of combat action or were attributed to an illness contracted while serving in combat action, or who became 80 percent disabled as a result of injuries or accidents sustained in combat action since September 11, 2001. For FY 2022, it is estimated 24 students will receive awards totaling approximately \$270,433.

## CONCLUSION

Through DHEWD, the Coordinating Board for Higher Education was responsible for the administration of 10 state-funded student financial aid programs in FY 2022. These programs provide a valuable and substantial resource for Missouri citizens as they further their education beyond high school. It is clear these programs, as well as others that may follow, will continue to be important to the fulfillment of the Coordinating Board's strategic goals.

## RECOMMENDATION

This is an information item only.

Payment Table 2021 - 2022  
As of May 18, 2022

	A+ Scholarship Program		Access Missouri Financial Assistance Program		Bright Flight Scholarship Program		Fast Track Workforce Incentive Grant		Total	
	Students	Dollars	Students	Dollars	Students	Dollars	Students	Dollars	Students <sup>1</sup>	Dollars
<b>Unduplicated Student Count by Program<sup>3</sup>:</b>	<b>13,582</b>		<b>36,127</b>		<b>7,360</b>		<b>366</b>			
							<b>Total Unduplicated Student Count<sup>4</sup>:</b>		<b>54,623</b>	

1 - Students: The student counts in this column contain duplication when students received payment under more than one program.

2 - Program Total: The student counts in this row contain duplication when transfer students received payment for a program at more than one institution. The student count at the intersection of the Students column beneath the All Programs Total Header and the Program Total row contains duplication when students received payments for more than one program and/or at more than one institution.

3 - Unduplicated Student Count by Program: The student counts in this row include a student only once for each program, even if they were paid at more than one institution.

4 - Total Unduplicated Student Count: The student count in this row is for all programs and includes a student only once, even if they were paid for more than one program and/or at more than one institution.
